

## OGMA's New Website Launched

On this date, OGMA is proud to launch its all-new website. Clearly aimed at our potential costumers, these pages provide information about all the services OGMA is able to perform.

The screenshot shows the OGMA website homepage. At the top is a blue navigation bar with the OGMA logo on the left and links for Home, a search box, Portuguese language selection, and Site Map on the right. Below this is a horizontal menu with categories: DEFENSE AVIATION, EXECUTIVE AVIATION, COMMERCIAL AVIATION, HELICOPTERS, ENGINES & COMPONENTS, and AEROSTRUCTURES. The main content area features a large image of a white Embraer 170 aircraft on a runway with the text "A PASSION FOR AVIATION SINCE 1918" overlaid. To the left of the main image is a sidebar with navigation links: Home, Company Mission, Location, Portuguese version, HIGHLIGHTS (with a sub-image of the Executive Jets Center), Engineering, Quality Assurance, Certifications, Press Room, News Archive, Downloads, and Contacts. Below the main image is a "News" section with three items: "10-08-2006 | OGMA's new website launched", "10-07-2006 | Executive Aviation", and "07-07-2006 | Embraer 170 Maintenance". To the right of the main image are three sections: "THE COMPANY" with a photo of a hangar, "IMAGE GALLERY" with a photo of a helicopter, and "FACILITIES" with a photo of the company's industrial site.

The website is divided into 6 main operational areas:

- ✈ Defense Aviation
- ✈ Commercial Aviation
- ✈ Executive Aviation
- ✈ Helicopters
- ✈ Engines and Components
- ✈ Aerostructures

### About OGMA

Founded in 1918, OGMA – Indústria Aeronáutica de Portugal, S.A., has dedicated ever since to the maintenance of aircraft and aircraft engines, as well as to the manufacturing of aircraft components and to aircraft engineering and logistic support. OGMA currently holds a wide range of domestic and foreign customers, both civil and military, and is authorised maintenance centre for Embraer, Lockheed Martin, Eurocopter, Rolls-Royce and Turbomeca. Airholding SGPS (Embraer and EADS) owns a 65% share of OGMA's capital and the Portuguese state (Empordef) holds the remaining 35%. OGMA is situated in Alverca, approximately 15Km north of Lisbon, and presently employs a workforce of 1700.

These six structural areas provide information about specific services and capabilities in each field of the company's business.

Visitors to the website will also find other institutional information such as news, an image gallery, company profile and mission, contacts and location, Quality Assurance Policies, certifications, Engineering services, a downloads area (with brochures and wallpapers), and information about OGMA's facilities in Alverca, Portugal.

This new website was entirely developed by the I.T. department of OGMA and will be constantly expanded in the future. In the coming months new features will be implemented, so we urge our visitors to stop-by regularly.
